Report dated, Bangalore, 21st July 1894, from the Board for the Management of the Mysore Civil Service Examination of 1894 to the Dewan of Mysore.

Sir,

We have the honor to report that the Mysore Civil Service Examination held in July 1894 was conducted in accordance with the revised Regulations of the current year, and to give below a list in the order of merit of those candidates who have obtained not less than two-fifths of the total number of marks in the compulsory subjects Group A and not less than one-third of the total number of marks in the compulsory subjects Group B and in the optional subject selected :—

Rank.	Register No.	Name.	Optional subject.
1	3	K. Chandy, B. A.	History.
2	11	V. R. Tyagaraja Iyer, M. A.	Mathematics.
3	8	C. Hanumanta Rao, M. A., B. L.	History.
4	5	P. Doraswamniyengar, B. A.	Ditto.

READ :—

Memo dated, Bangalore, 12th August 1894, submitted to the Dewan of Mysore by Mr. Bhabha, Education Secretary and Secretary to the Board for the Management of the Mysore Civil Service Examination of 1894.

With reference to the inquiries contained in the Dewan's demi-official letter of the 5th instant, I beg to submit a summary of the facts relating to the tabulation of the marks of the last Civil Service Examination and the measures taken for the safe custody of the mark lists received from the examiners. Before stating these facts, I may mention that at the last meeting

of the Board for the Management of the Civil Service Examination held on the 21st July, as soon as the marks were tabulated and the order of merit of the candidates ascertained, a telegram from Mr. K. Chandy was put into the hands of the Revd. Dr. Miller, inquiring if the news published by the Hindu on the evening of the 20th July to the effect that he was one of the two successful competitors was true. On the receipt of the telegram, there was some talk as to the possibility of any information about the marks leaking out. I assured the Board that the marks had remained always in my safe custody, and that no one except myself had access to them. When the Board drafted the report on the results of the Examination to the Dewan, the President inquired if it was necessary to refer to the news published in the Hindu of the previous evening as stated by Mr. Chandy. No member of the Board had then seen a copy of the Hindu of the 20th. Dr. Miller thought that it was unnecessary to refer to the matter in the report, and that the Government might institute their own inquiries about it, if they thought it necessary to do so. I am glad that an opportunity has now been afforded me by the Dewan's inquiries to show that the paragraph in the local columns of the Hindu of the 20th July could not have been based on any information which I had received in my capacity as Secretary to the Board.

2. I beg to append to this Memorandum a tabular statement showing the dates on which, and the places where, the lists of marks forwarded by the examiners reached me. From this statement it will be seen how impossible it was for any member of the Board or for me as Secretary to know the total number of marks obtained by a candidate or his place in the order of merit before the business of the meeting of the Board held on the 21st July was concluded. The marks could not be tabulated before the meeting of the 21st was held for more reasons than one. The marks of the Practical Examination in Zoology reached me in the meeting of the Board by telegram. The marks assigned by Mr. Butterworth to the papers in Essay, Pearson, and Tupper, reached me on the morning of the 21st. After the *viva voce* examinations of the 14th were over, I had left for Mysore on the 15th. I returned to Bangalore at 7. P. M. on the 20th. Mr. Butterworth's letters to me containing his marks, which were dated 17th and 18th July, from Ootacamund, were directed to the care of Mr. M. Clapham, Manager of the Mysore Local Examinations, Bangalore. Mr. Clapham delivered the letters unopened to me on the morning of the 21st. The marks of the compulsory and optional subjects were tabulated, and the order of the merit of the candidates was ascertained by Members of the Board in the meeting of the 21st.

3. The paragraph* in the Hindu of the 20th July was evidently based on a mere speculation of the results. That it was so based seems also clear from the fact that the writer placed the name of Mr. V. R. Tyagaraja Iyer first and that of Mr. Chandy second, probably from a belief that a candidate who took up Mathematics for his optional subject was certain to score more marks than one who took up History. In the order of merit as settled by the Board at the meeting of the 21st July, Mr. K. Chandy was first. Moreover it is worthy of note that the marks of Mathematics were received by me from Mr. Weir at Mysore on the 17th July the marks of Political Economy reached me at Mysore by the second delivery of the post at 5 P. M. on the 18th, and the marks of History reached me at the same place by the second delivery of the post at 5 P. M. on the 19th July. A letter posted by any body from Mysore after 5 P. M. on the 19th could not have reached Madras till the morning of the 21st, while the Hindu published the paragraph on the evening of the 20th.

4. The mark lists as they were received from the examiners were locked up by me in a box, the key of which was kept always with me in my private bunch of keys. No one had any access to the mark lists. Only once, on the 12th July, the mark lists of Group B of the compulsory subjects were given by me to my writer, Nanjundaiya, for a few minutes, when he was asked to make out in my presence a list† of the names of those candidates that had passed in that group, so that only those candidates that had passed might be admitted to the *viva voce* examinations of the 14th July.

5 From the above statement of facts it is clear that the writer in the Hindu could not have based his paragraph on any information in the possession of the Secretary or any other member of the Board.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

AUGUST 1894.

Appeal No. 66 of 1893-94.

Appellant .. B. Ramaswamaiengar, Jodidar of Hadavanhalli, Kunigal Taluk, represented by Mr. Hayes, Advocate.

Decision.—At the hearing, Appellant's Advocate confined his appeal to two points:—

First.—In carrying out the detailed Survey and Settlement of Petitioner's Jodi village, the Superintendent of Revenue Survey imposed money assessment on certain lands which were held formerly on *Batayi* or division of crop tenure. Petitioner's Advocate at first objected to the imposition of money assessment on such lands; but, on its being pointed out that the very object of the Survey and Settlement was to introduce money rates of assessment in lieu of *Waram* tenure, he (Petitioner's Advocate) requested that the lands may at least be registered in his client's name, so that he may be at liberty to grant them on assessment to any one he pleases.

2. Government observe that the Settlement Department has merely registered the lands in the names of their present occupants, and whether the occupants are to be regarded as Kadim raiyats or not is a matter on which the Settlement Department has no power to pass any orders, and indeed it has passed no orders. A Batayi occupant has the same rights as a Nagadiyat occupant; the only difference being that the former pays the kandayam in kind, the latter in money. In the case under notice, it is not clear whether the holders of the lands formerly held on Batayi tenure were Kadim raiyats falling under Section 84 of the Land Revenue Code, or raiyats on special tenure falling under Section 85. When a dispute on that point arises, and any suit brought by Petitioner or by his tenants, the matter will be disposed of on its merits. The Settlement Department has simply fixed the assessment leviable on the lands.

Second.—Certain waste lands in the village were at first assessed by the Settlement Department, and akarbands prepared accordingly, but about two years afterwards, the Settlement Department altered the akarbands, and treated them as gomal. Petitioner's contention is that the Settlement Department having once fixed the rates of assessment, and introduced the same, its work ended with it, and it had no power to alter the settlement subsequently and treat the lands as gomal. The Superintendent of Revenue Survey and Settlement states, in his letter dated 11th December 1893, No. 373, that the order about gomal "was made some time after, but still in connection with and as part and parcel of the settlement."

3. Government observe that under Section 118 of the Land Revenue Code, the Superintendent of Revenue Survey is competent to correct any errors made in the settlement, on applications received from parties concerned, within two years from the introduction of the settlement, but in the case under notice, it is not quite clear whether the correction was made on an application received *within* two years or not. Whatever the fact might be, Government are of opinion that in Inam villages brought under detailed Survey and Settlement, no lands which were not previously free gomal by established usage, should be assigned as free gomal, without the consent of the Inamdars, as the raiyats have no right to claim free gomal, and as, in the present case, no such gomal appears to have existed in the village prior to the introduction of the settlement, Government direct that the assignment of the lands as free gomal be cancelled, and the lands treated as gomal be assessed and left at the disposal of the Jodidar.

No. 3084—P. F. 101-93, DATED 21ST AUGUST 1894.

Communicated to the Superintendent, Mysore Revenue Survey.

Appeal No. 103 of 1893-94.

Appellant.		*Respondents.*
Chikka Muniyappa of Chikballapur, represented by Mr. D. Venkatramaiya, Advocate.	*Vs.*	1. Lakshminarasappa. 2. Venkatrayappa.

Decision.—The lands noted in the margin* belonging to one Chinnamma were sold for arrears of revenue in May 1893, and purchased by Respondents for Rs. 81-8-0. Appellant who says that the lands had been hypothecated to him prays that the sale may be cancelled. Appellant had full notice of the sale, and yet he did not pay the arrears. The Deputy Commissioner refused to cancel the sale as he did not think that there was any material irregularity in the sale. The appeal is against this order.

52	2	6	13	8	0
119	2	39	16	0	0

in Someswara of Gudibanda Sub-Taluk.

2. Appellant's contention is that the sale is invalid chiefly because—

(1) it was conducted by the Shekdar, instead of by the Amildar as it should have been, since the estimated value of the lands sold was Rs. 75, and not below Rs. 50,

(2) the sale was confirmed within 30 days from the date on which it was held, and

(3) the price realized was much less than the lands were worth.

3. The estimated value of the two numbers sold was Rs. 25 and 50 respectively, the total value of the two numbers being Rs. 75. The lands were sold by the Shekdar apparently because the value of each of the numbers sold did not exceed Rs. 50. Government consider that the sale of the lands by the Shekdar was irregular. He was not competent to conduct the sale, as the aggregate value of the estate sold was more than Rs. 50. As this is a material irregularity in the opinion of Government, as the lands are stated to be of much greater value than the price they fetched, and as the Respondent's have not shown cause why the sale should not be cancelled, Government resolve to cancel the sale and direct that they be re-sold by a competent authority after due notification, unless the arrears are paid in time.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 1st August 1894.

Petition No 975, dated 3rd March 1894, from Ramabhatta and others, complaining against the grant of rice allowance to one Srikantasastri, Parpattegar of the Sri Prasanna Nanjundeswaraswami temple in Mysore, from the Devikuta of the Sri Chamundeswari temple on the hill at Mysore.

Further correspondence on the subject ending with Kanarese Rubkari No. 34, dated 12th July 1894, from the Palace Controller, Mysore.

No. 101-9—Muz. F. 12-94, DATED, BANGALORE, 1ST AUGUST 1894.

ORDER THEREON.—From the correspondence read above, it is observed that in August 1883, the late Mr. Chidambaram Iyer, the then Palace Assistant Commissioner, authorized a monthly grant of sixty seers of rice from the savings of the Devikuta of the Sri Chamundeswari temple, to one Kadabada Seshabhatta. On the death of the recipient, his widow Sithamma applied for the continuance of this allowance to her, on which the Palace Assistant Commissioner passed an order directing the payment to her of a monthly allowance of thirty seers of rice, out of the sixty seers which her deceased husband was in receipt of. This order, the Government observe, was highly irregular. The allowance sanctioned to Seshabhatta being only personal ought to have lapsed on his death.

2. Again in December 1890, Srikantasastri petitioned the Palace Controller, claiming the other thirty seers remaining out of the sixty seers originally granted to Seshabhatta, on the ground that he, petitioner, was the brother of the deceased Seshabhatta. The Palace Controller thereupon passed another order granting Srikantasastri's prayer, apparently under the impression that the allowance originally granted to Seshabhatta was a hereditary one—which as a matter of fact, it was not.

3. The non-hereditary character of such Nchimi allowances has been clearly laid down in the Dewan's Proceedings No. 3427--34, dated 8th August 1888. Para 3 of this order clearly states that rice allowances could be granted only to individuals laboring under some physical disabilities—such as extreme old age, blindness, lameness, &c. But in the case of Srikantasastri now under advertence, no such reasons could be assigned. He is on the other hand an able-bodied and robust man; and what more, he earns his livelihood as Parpattegar of the Sri Prasanna Nanjundeswaraswami temple. To grant a rice dole to such a man from the funds specially assigned for the feeding of poor pilgrims visiting the temple is a clear misuse of the charity.

4. In these circumstances, the Government direct that the rice allowance now paid to Srikantasastri be discontinued after giving him a previous notice of three months.

Government Proceedings No. 6104—229, dated 29th January 1886, observing that the management of the Sri Venugopalaswami temple at Srirangarajpur Agrahar in the Tirumakudlu-Narsipur Taluk, may be left in the hands of Srinivasa Raghavachar, the person most interested in keeping up the temple built and endowed by his ancestor, the Muzarayi Officer and Taluk officials interfering the least in the management.

Petition No. 54, dated 16th February 1892, from Srinivasa Raghavachar, Yejaman of the Sri Venugopalaswami temple at Srirangarajpur Agraharam, Tirumakudlu-Narsipur Taluk, complaining of the interference of the District Muzarayi Officer in the management of the temple contrary to the instructions conveyed in the above order.

READ ALSO :—

The following letter No. 1284, dated 30th April 1894, from the Deputy Commissioner, Mysore District, reporting on the above petition of Srinivasa Raghavachar :—

With reference to your Official Memo No. 12, dated 14th March 1892, forwarding for enquiry and report, petition from Srinivasa Raghavachar, Yejaman of Sri Venugopalaswami temple at Srirangarajpur Agraharam, T. Narsipur Taluk, I have the honor to state that both parties had been sent for and necessary enquiries were made. Petitioner represented that the counter-petitioner (Archak of the temple) had no right to the Archakship, that he had wilfully injured the idol and was otherwise impertinent and disobedient, and that the Muzarayi Department should have no control over the management of the temple which, under the orders of the Dewan, was made over to the petitioner who was the right party. The petitioner also contended that the Muzarayi Officer was not justified in enquiring into the authority of the petitioner to dismiss the counter-petitioner; that the officer having once approved of the petitioner's act, he was not justified in revising his order, and setting aside the dismissal of the counter-petitioner, and ordering his re-instatement; that the Muzarayi Officer should be allowed no interference whatever with his management of the temple; and that if it could not be done, the Government Tasdik might be resumed and the temple left to his uncontrolled possession. The counter-petitioner filed document A, dated September 1849, executed by the original Yejaman in favor of Krishnabhatta appointing him as Archak of the temple, allowing him to receive daily one seer of rice and Rs. 2-6-4 per month from Government Tasdik. It is also added in this, that in addition to above emoluments, he would be paid daily one seer of rice and Re. 0-9-4 per month, and an Inam wet land measuring two Kandis would be assigned to him. The counter-petitioner also said that for some years past the Yejaman or the present Manager of the temple had taken back the said Inam land from his possession and has been appropriating its produce to himself.

Prior to 1886, the management of the temple rested with the Muzarayi Department, when the same was transferred to the petitioner as per Dewan's Proceedings No. 6104—229, dated 28th January 1886, in which it is stated that the management of the temple is best left in the hands of Srinivasa Raghavachar, the Muzarayi Officer and Taluk officials interfering the least in the management.

Regarding the injury said to have been done by the Archak to the idol in the temple, a lengthy correspondence passed between the Taluk and Muzarayi Officer, of which an English Precis prepared by the Probationary Assistant Commissioner is appended to the Vernacular Proceedings. In connection with this matter, the Muzarayi Officer had first thought the Archak guilty of deliberately breaking the *Gadayudha*, and approved of his dismissal made by the petitioner, but subsequently on the representation of the Archak, he held upon further consideration that there was not sufficient evidence for that opinion, and ordered his restoration to the appointment.

I inspected the Agrahar and the temple, and made also some informal local enquiries. The Yejaman is a young man, in dispute with all the people living in the Agrahar, owing to his grasping nature and mischievous proclivities. He does not live in the Agrahar, and is not really anxious that the temple should be properly maintained and worship (Puja) regularly performed. On the other hand he seems to be anxious rather to spite the Agraharies by neglecting the worship in the temple, by obstructing pathways, by encroachments upon common lands, &c. The Archak has been the successor of the original nominee to the office, and appears to have enjoyed very liberal allowance. But owing to the *Zid* between the Yejaman and the villagers, this temple servant has had to suffer from the displeasure of the Yejaman. It is well known that owing to the very small number available in this community for worship in the various temples of this Province and at Kollegal, this Archak has occasionally to absent himself from the temple to attend Rathotsavam, &c., elsewhere. So long as the Yejaman was considerate, he was able to do so making arrangements for ordinary Puja during his absence. But this is now rendered impossible by the attitude assumed by the present Yejaman. I knew that any official decision was not likely to adjust the quarrels amicably, and wanted to speak to the young man and bring about a reconciliation. But I find it a hopeless task, as he has launched into protracted litigation not only against other Vrittidars but also against his own agnates. He is young, inexperienced, and reckless of his character and reputation. I think therefore that there is little chance of making proper arrangements for worshipping in the temple, unless the Government are disposed to re-consider their order of 1886 and to introduce the reforms advocated by Mr. C. Srinivasaiengar when Muzarayi Officer of this District.

No. 151-8—Muz. F. 17-94, DATED, BANGALORE, 14TH AUGUST 1894.

ORDER THEREON.—The Government Order No. 6104—229, dated 29th January 1886, read above, indicated merely what was expedient, and the policy of minimum interference by the District Muzarayi Department therein laid down can be adhered to, only so long as the Yejaman conducts himself properly and commands the respect of his neighbours. The Government cannot accept the theory of exclusive right to manage the temple set up by the Yejaman Srinivasa Raghavachar. The temple has always been a Government Muzarayi Institution and must continue to be so. Government will not object to the *Yejaman* doing what Dharmadarsis do in other temples, so long as he duly performs the duties entrusted to him, and the Government in the Muzarayi Department is the sole judge of the way in which he performs these duties.

READ :—

The following Memorandum by the Muzarayi Superintendent, dated 25th July 1894, on the affairs of the Sri Vyasarayaswami Matt in Sosale, Tirumakudlu-Narsipur Taluk :—

This Matt is largely endowed by the State. It enjoys an annual cash allowance of Rs. 3,977-12-0 in addition to extensive land Inams.

2. Many petitions have been received by Government, complaining of the gross mismanagement of the Matt's affairs by the Swami. The chief items of complaint are :—

(i) The income from the Matt's endowment is not properly applied towards the object of the grant; some of the inam villages have also been alienated.

(ii) The income of the Matt is squandered in maintaining the relatives of the Guru.

(iii) The jewellery of the Matt including those presented by His Highness the late Maharaja have been sold away on the pretext of discharging the Matt debts, which are not at all *bonâ fide* ones.

3. In June 1892, the Agent of the Matt was called upon to furnish detailed accounts of Receipts and Disbursements in the Matt, but in reply the Agent reported that the Swami would not allow him to furnish such accounts.

4. In July 1893, one of the creditors of the Matt attached the Government cash allowance payable to the Matt in execution of his decree, and the Deputy Commissioner was thereupon informed by the Muzarayi Department that the allowance being a Devadaya grant, was not liable to attachment, and that the same should, pending orders of Government, be held in deposit without being paid to the Matt or remitted to the Court. The attachment has since been withdrawn at the instance of the creditor, but the payment of the allowance is, however, still kept in abeyance, pending enquiry into the alleged mismanagement of the Matt's affairs.

5. In April last, the Matt Agent was again called upon to furnish a statement of the Receipts and Expenditures, together with a list of debts and also an inventory of the jewellery in possession of the Matt. No complete statements have yet been received.

6. A fortnight ago, it was brought to the notice of the Muzarayi Superintendent that the Priest had gone out on tour to the Madras Presidency, making no provision for the Puja of Brindavanams &c., in the Matt, and for carrying on the usual Santarpane. Thereupon the Muzarayi Assistant Commissioner of the Mysore District was requested to proceed in person to Sosale and report on the subject. The reply dated 18th instant received from Mr. Nanjundaraj Ars is herewith submitted. In it, he reports that the Swami has gone out on tour, that the Matt at Sosale has been virtually closed, and that neither Puja to the Brindavanams nor the daily Santarpane is being performed.

Translation of Kanarese Report, dated 18th July 1894, from the Muzarayi Assistant Commissioner, Mysore District.

In pursuance of orders received, I went to Sosale and inspected the Sri Vyasarayaswami's Matt at about half past one yesterday afternoon (the 17th instant). The door of the Matt was then locked. I sent for the local Agent of the Matt and other people, and had the door opened. On entering the Matt, the Brindavanams inside did not appear to have had the usual Puja that day; for neither flowers nor Tulasi were found on them; besides, the lamps did not indicate any signs of having been lit that day. It cannot be said that the lamps had been completely burnt out, for there was not even a trace of the ashes of the burnt-out wick; there were not even the marks of oil having been poured in the cup-burner.

2. Besides the Brindavanams, there is an idol of Sri Anjaneya Devaru in the Matt. As the people told me that worship should be performed to the deity regularly every day, I sent for the Pujari and questioned him on the subject. The Pujari stated that he had performed Abhisheka and Puja to the deity just as he had done to the Brindavanams. On this I went to where the idol was placed, accompanied by the Matt's Agent and others; but there were no symptoms of the Puja having been performed as alleged. The whole image was covered over with dust, and there was a large accumulation of dust and dried flowers on the pedestal. Consequently, the Pujari's statements did not strike me as true. In corroboration of the above, I herewith submit the written statements taken by me on the occasion from the Agent and other men closely connected with the Matt.

3. I next enquired of the Agent if any Santarpane had been performed that day, and he answered 'yes.' Thereupon I proceeded to the kitchen and inspected it. No trace of any cooking however could be observed. I then asked the Agent where the cooking had been done, and in reply, he stated that it had been done in the house of the Swami's father, and that the prepared foods had been brought to the Matt, where ten persons were fed. Seeing that only a short time must have elapsed after the feeding, I desired that those who, it was alleged, had been fed in the Matt should be sent for. Only one individual was produced before me, and he said that seven or eight persons had sat with him for meals. The other persons fed could not be found. From this, I was led to infer that no Santarpane had been performed that day at all.

I sent for the Swami's son and son-in-law, and asked them what arrangements had been made by the Swami for the carrying on of the Santarpane; but they would not give me a clear reply, and answered in a vague, evasive manner. Their statements are herewith submitted. In their statements it is alleged that the Santarpane is being conducted by the Swami's father, and that therefore he should be questioned in the matter. But I was told that he was very ill and almost in his last moments; I could not therefore examine him.

In this connection, I made enquiries of the people of the village, and they all told me that the Santarpane was not being properly carried out. Yesterday was *Vyasa Paurnami*—a very sacred day, when the Santarpane ought to have been more than on an ordinary scale; yet not even the usual Santarpane appears to have been performed.

No. 190-1—Muz. F. 57-92, dated, Bangalore, 27th August 1894.

Order thereon.—The Sri Vyasarayaswami Matt in Sosale receives from the Muzarayi Department an annual ready money grant of Rs. 3,977-12-0 for the purposes of the worship of the Sri Gopalakrishna Devaru and the performance of the daily Santarpane in the Matt. Several petitions having been received by Government from the disciples of the Matt, complaining of gross mismanagement of the Matt's affairs, the payment of the cash allowance to the Matt has been held under attachment since July 1893, pending enquiry into the alleged mismanagement. Meanwhile, the Swami of the Matt has gone out on tour, without making the usual arrangements for the due performance, during his absence, of the daily Puja and Naivedya to the Brindavanas and the other idols in the Matt, as also for the feeding of such travellers as might visit the Matt. And, from the report submitted by the District Muzarayi Assistant Commissioner, it is evident that the daily Puja and the Santarpane in the Matt have been grossly neglected. Of this, the residents of Sosale and the disciples of the Matt greatly complain

2. Under the foregoing circumstances, the Government direct that the Puja to the Brindavanas and Santarpane at the Matt be carried out by the Muzarayi Department on the most economical scale possible out of the attached grant in money.

Correspondence ending with Docket No. 1816—467, dated 24th November 1893, from the Deputy Commissioner, Kolar District, in the matter of the unauthorized alienation of the Inam lands attached to the Badé Masjid in Mulbagal.

No. 209-17—Muz. F. 4-93, dated, Bangalore, 29th August 1894.

Order thereon.—The Badé Masjid in Kasaba Mulbagal is an important Muhammadan institution. The marginally noted Inam lands attached to the Masjid have been to a great extent alienated by sale or mortgage in favor of one Ismael Sab and certain others, the alienations taking place between 1861 and 1879.

Village.	Survey No.	Extent.	Assessment.
		A. G.	Rs. A. P.
Mulbagal	Dry 89.	8 0	11 0 0
"	" 90.	11 34	18 0 0
	Total ...	19 34	29 0 0

2. In 1882, Syed Gaus, one of the alienors, prayed for the restoration of the alienated lands, and the Deputy Commissioner Mr. V. N. Narasimmaiengar ordered that the lands which had been alienated contrary to Rules should be redeemed by the alienors within three months, failing which, the lands would be resumed by Government and confirmed to the alienees on full assessment. But the alienors failed to redeem the lands.

3. The question having come up again for disposal, Mr. Abdul Rahman, Deputy Commissioner, directed in July 1890 that the alienations made subsequent to the Inam Settlement of 1875 should be cancelled and the lands at once restored to the institution, and that, as regards the lands alienated prior to the Inam Settlement, the alienees in possession should be required to restore the lands to the institution, and, in default thereof, they should be resumed and restored to the Inamdars.

4. In 1891, Ismael Sab, the chief alienee, objected to Mr. Abdul Rahman's orders being enforced. He represented that Mr. Abdul Rahman was wrong in having set aside the order passed by his predecessor, and that some of the alienated lands were Kodagi Inams belonging the Masjid Inamdars. He further alleged that he had repaired the Masjid at some cost and had been conducting services in the Masjid by turns with the Inamdars.

5. The present Deputy Commissioner Mr. Madiah proposes that the services at the Masjid, and the cost of maintaining the building in good condition, be apportioned between the alienors and the alienees in proportion to the Inams in their respective enjoyment.

6. Of the total extent of 19 acres and 34 guntas assessed at Rs. 29 assigned to the Masjid, an extent of 13 acres and 36 guntas assessed at Rs. 20-8-0 is reported to be in the enjoyment of the alienees. The entire Inam having been originally granted for the support of the Masjid was inalienable by the managers of the Masjid. The alienation of Inams belonging to the Religious and Charitable Institutions was prohibited by the Notification of the 31st January 1853. In the case of alienations made since the 31st January 1853, the Inams are liable to be summarily resumed and restored to the institutions concerned under para II clause B of the Notification dated the 17th November 1877, which has the force of law. This law is applicable to the Inams in question which have all been alienated since the 31st January 1853.

7. Mr. V. N. Narasimmaiengar's order dated the 10th December 1882 was opposed to this law and was therefore illegal. The observations contained in the Dewan's Proceedings No. 7704-12—234, dated the 5th January 1882, were directed against the policy of resumption and restoration of alienated Inams for the benefit of the alienors, who had themselves been guilty of abuse of trust in making the alienation, but did not contemplate the permanent deprivation of the Inam to an important institution like the present. This meaning is also inferrible from the subsequent Proceedings No. 3857-65—100, dated the 24th August 1882. Apart from the question of what was meant by the Proceedings of the 5th January and the 24th August 1882 above referred to, it is clear that any departure from the law, as laid down in the Notification of the 17th November 1877, would be illegal, and Mr. V. N. Narasimmaiengar's order dated the 10th December 1882, which directed the confirmation of the alienated lands to the alienees on full assessment, was illegal and is hereby cancelled.

8. Mr. Abdul Rahman's order dated the 13th July 1890 was also not in accordance with the law as above described, and was passed without jurisdiction; and the same is also hereby cancelled.

9. The alienated Inams in question must be resumed by the Deputy Commissioner and restored to the Masjid under the Notification of the 17th November 1877.

10. In giving effect to the above order, it is undesirable to place the present managers of the Masjid, Syed Gaus and others, in possession of the resumed lands, as they have been guilty of gross abuse of their trust and as there is no guarantee whatever that the income from the resumed lands will hereafter be applied by them for the proper purposes of the Masjid. The Deputy Commissioner will therefore retain the resumed lands in his own possession in the Muzarayi Department on behalf of the Masjid. He is at liberty to lease the lands for a proper annual rent to any suitable tenants on a written lease, and make over the annual rent realized to the Masjid for expenditure for *bonâ fide* purposes of the institution. There is no objection to the alienees, Ismael Sab and others, being given the lease, as directed above, if they wish to take them for proper rents to be fixed by the Deputy Commissioner.

11. As regards the alienation of the Kodagi Inam lands referred to in the correspondence, it is observed that the lands having been confirmed as personal Inams, the intervention of Government in the matter is not called for.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works Department),—dated 1st August 1894.

READ:—

Government Proceedings, Public Works, No. 1925-29—320-24, dated 6th May 1893, passing orders on Sanitary Works Budget for 1892-93.

No. 3916-36—749-69, DATED, BANGALORE, 1ST AUGUST 1894.

ORDER THEREON.—The orders read above contain some clerical errors regarding the various parts of that Budget, and it is therefore necessary to explain the distinction between the various parts, and to lay down the following rules:—

(1) *Part I.*—Works to be carried out by the Sanitary Engineer, and the cost to be met partly from Government loans to Municipalities, and partly from Government grants-in-aid to them. The annual grant for both such loans and grants-in-aid to be one lakh.

(2) *Part II.*—Works to be carried out by the Municipalities themselves, subject to the professional supervision and control of the Sanitary Engineer. Such supervision and control to include in special cases the laying down of streets, levels, grades, &c., and to be free of charge to the Municipalities concerned.

Cost of works in this part to be met from Municipal ordinary revenue.

(3) *Part III.*—Special works to be carried out by Government, through the agency of the Sanitary Engineer.

Cost of such works to be met from either—

(*a*) loans granted by Government to the Municipalities concerned, or

(*b*) grants from the District Local Funds in the case of Sanitary works as distinguished from ordinary District Fund works. These will of course be included in District Fund Budget; but the execution will be by the Sanitary Engineer.

(4) Parts I and III should be sanctioned by Government in the Public Works Department. Part II will be sanctioned by Government in the Municipal Department, but should be recorded in the Public Works Department.

(5) Loans given to Municipalities for works in Parts I and III will bear 4 per cent interest and be re-payable in a number of years to be fixed by Government, according to the circumstances of each case. Estimates for works in these parts should be accompanied by a written undertaking in the appended form, from the Municipalities concerned, agreeing to the acceptance of the loan and its re-payment.
